

**October 1, 2024**

**Statement from the Chair,  
Mendocino Coast Health Care District**

On September 30, 2024 the Mendocino Coast Health Care District received notification from Adventist Health that based on Section 19.11 in the Lease Agreement between Adventist Health and MCHCD they would like to renegotiate the terms of the lease.

The MCHCD Board of Directors will review the Restructure Notice and explore every possible option to continue to provide access to healthcare services to residents on the Coast. We will keep the public apprised of the situation as we know more.
